2 MP Full HD IP dome camera
2.7 - 12mm mot. lens, IP-66, PoE

PRODUCT DESCRIPTION

▶ **Application:**

SANTEC SNC-211FDIA is a dome camera suitable for indoor as well as outdoor applications, including integrated IR LEDs. Hence the camera produces excellent images even at night or under poor light conditions. This IP camera has a weather-proof housing (IP-66) and is vandal-proof (IK10). Thanks to 2 megapixel resolution, the images are very clear hence no detail is undetected. Thanks to the motorized lens and the web interface the camera is easy to adjust. The camera comes with features such as 3DNR for noise reduction, Wide Dynamic Range (WDR) and PoE, to name but a few. Data can be stored and exported to a SD card (memory card not included in the delivery). You can also access this camera remotely, i.e. by using the Burg Cam App or by embedding in into the Burg-Wächter cloud.
