

USB Professional Joystick Keyboard

Avigilon's end-to-end surveillance solutions deliver image detail no other system can match. Avigilon Control Center software, featuring High-Definition Stream Management™ (HDSM™) technology combined with our broad range of megapixel cameras (from 1 MP to 29 MP) provide unprecedented clarity—while effectively managing storage and bandwidth requirements. Our components are scalable and can work together in an end-to-end system, or can be customized to create your own powerful and cost-effective solution.

The innovative USB joystick keyboard is just one way Avigilon can help provide the very best monitoring and protection.

The USB joystick keyboard allows you to have easy and complete control of all the functionality of the ACC Client for live, playback and alarm management.

KEY FEATURES

USB powered

Preconfigured with Avigilon Control Center Client software commands

Can be configured for right-hand or left-hand use
